# Message from the Chairperson

I have been a member of the Cork CIL Board of Management since 2019. My own background is manufacturing with a Masters in Human Resource Management. From a personal perspective I had a son who suffered from severe epilepsy, so I am only too familiar with the value that organisations such as Cork CIL bring to the lives of people with additional needs. In 2021 I took over the role of Chairperson.

2022 remained a challenging year for everyone health care as well as in Cork CIL. Covid 19 continued to impact activities in Cork CIL. This resulted in regular changes to protocols from the HSE which had to be adapted and implemented by Cork CIL. I would like to thank everyone in Cork CIL who again rose to the challenge adopting new ways of working and adapting to ever-changing guidelines.

The Board (made up of volunteers) continues to oversee activities at all levels of Cork CIL through it monthly board meetings, discussing and making decisions on operational issues that arise in the monthly management report as well as strategic issues. There are sub groups in place that inform the board. The sub groups meet to review financial issues, risk and a soft service's sub group who looked at and delivered additional activities for not only Cork CIL service users but people from different agencies. These activities included mindfulness drawing, cookery, a visit to An Crann Sensory Garden and a successful Fr Ted themed Table Quiz night where there was over 120 in attendance and raised €533 for SVP.

The Board remains confident in the leadership of our General Manager Pat Beirne, who again successfully navigated Cork CIL though a very uncertain year where there were many challenges had to be overcome, while at the same time upholding the Cork CIL ethos.

We were sorry to learn that Nicola Meacle would stand down from the board in October 2022 to allow her focus on her new role in the ILMI. Nicola was one of the founding members of Cork CIL and Nicola's experience and background provided valuable insight. On behalf of the board and everyone in Cork CIL wish Nicola well in her role with the ILMI.

Sandra Brookes joined the board in 2022, Sandra who works for Deloitte, has a background in finance and has brought a new level of experience and energy to the board since she joined in May 2022.

I would like to thank the Board members who volunteer their time, commitment, ideas and experience for attending the board meetings and for the additional work that has gone on outside the scheduled board meetings all of which has enabled the board to continue to be productive right throughout 2022.

Finally as we go forward together I would like to on behalf of the board express my sincere gratitude to all our staff members and service users as well as their families for making Cork CIL the organisation it is today and into the future.

# **General Managers Report**

In 2022 as an Taoiseach announced the easing of almost all COVID-19 restrictions for the general public the rules on mask wearing and isolation remained in place in Cork CIL to continue to minimise and reduce risk. Despite our care and attention 148 staff and service users were directly affected by Covid 19 in 2022 and this had an ongoing effect on service planning and service delivery.

As we moved through 2022 we worked hard to build back the services that had been affected the covid pandemic. We recommenced the referral and waiting list meetings with the HSE and have been able to offer Assisted Living hours to new service users.

Working in a landscape changed by Covid 19 and notwithstanding the challenges that have affected us all, some positive things have resulted.

Our changed world has encouraged us to work differently, using mainstream technologies to increase our connectedness. It has also taught us to look risk differently manage and reduce it.

In 2021 we held a series of workshops with Staff and Service Users.. And with the help of a small once off grant under Strengthening Disability Fund ideas from these workshops were actioned in 2022. We were able to offer additional opportunities to service users to augment their on-going service. This included Cookery Classes, Mindful Drawing, Adapted Yoga, Garden Visits, Creative Writing and a great Comedy Night out where over 150 service users, friends and family came together to celebrate.

To offer services we need skilled staff and recruiting skilled and experienced staff has been a challenge. This challenge is experienced across the sector as skilled staff leave burnt out by Covid 19 and new staff not attracted to the sector. With effectively full employment in the state and with so many health and social care providers all looking to recruit from the same pool of staff this challenge is set to remain with us. We are doing our best to attract staff; we pay one of the highest rates of pay to our staff but can no longer match the HSE and S38 Agencies

The funding structure of S<sub>39</sub> agencies means that an increase in staff pay is not automatic

and since Covid 19 Cork CIL has slipped behind the HSE rates of pay.

Despite this inequity in pay Cork CIL PA staff continued to offer excellent person centred services and their commitment to Service User and Cork CIL continues to impress me. They deserve to be recognised and valued by us all and Cork CIL along with other Section 39 agencies will continue to advocate for change both locally and nationally..

I want thank David O'Sullivan Chairperson and all the members of the Board for their support during 2022. I again want to recognise the continued support of the Co-ordinators and Administration Team, the hard work and commitment of our PA's, our Travel Club drivers and the understanding and support of our Service Users all of which contributes to making Cork CIL a valuable and valued service.

Pat Beirne General Manager
December 2022

## What we do...

Cork CIL is a Section 39 HSE funded agency offering Assisted Living community- based, community focussed Personal Assistant services to people with primary physical and sensory disabilities living in HSE CHO<sub>4</sub> area of South Lee.

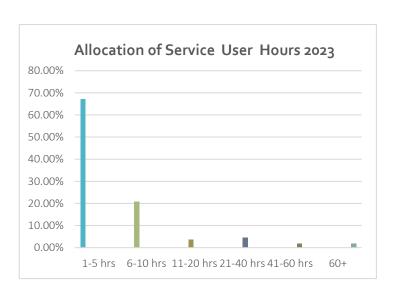

Cork CIL services range from complex services supporting some Service Users in all aspects of their daily life and supporting people to live independently in their own home. Other Service Users have a more defined discreet service to support them engage in social activities important or valuable to them.

There are a number of Service Users who have all their supports from Cork CIL. For others Cork CIL supports are an adjunct to other community services especially home support services and offer another dimension to the community-based supports available. Our Cork CIL Travel Club membership is open to anyone with a disability and members can book to benefit from more affordable accessible local transport.

Despite the ongoing challenges Cork CIL continues to work to consolidate our present activities and to promote Cork CIL as a provider of choice as well as develop our services ensuring they respond to the changing needs of our service users and ensuring that they are underpinned by the Cork CIL ethos, of choice and independence.

# Cork CIL Activity 2022

- 99% of the services we provided were on behalf of the HSE as part Assisted Living Services.
- © Cork CIL had a total income in 2022 of €1,632,260 and we spent €1,605,022.
- This paid for a total of 62 skilled Frontline Healthcare Workers to provide 53,000 PA hours benefitting 134 Service Users and their families.
- The PA supports range from complex care supporting all aspects of independent living. A Service User may have an allocation in excess of 80 hours a week and Cork CIL is the only community service provider working with that Service User. However, many in fact over 80% of our service users have between 2 and 20 hours a week, often as part of a mixture of services and their CIL PA aims to support them socially to get out and about and feel less isolated.
- The service was supported by 5616 co-ordinator hours, 4230 admin hours, 2340 payroll and finance support and 1123 management hours.

# Strengthening Disability Services

In 2022 we were successful in securing a small once off grant under the Strengthening Disability Fund and building on from our 2021 workshops offered a range of additional and complementary services and supports

Our service users took part in

- Cookery Classes
- Creative Writing Classes
- Visits to new sensory gardens in North Cork
- Coffee Mornings
- Mindful Drawing Classes

# Our Risk Management Approach to Quality Services

The importance of delivering person centred and user led services that are both flexible and responsive to the needs of our truly diverse service users and are simultaneously safe and compliant remains our priority. Covid 19 brought an new focus to assessing and managing risk and Cork CIL continues to embed a risk assessment and risk management approach to all that we do.

The Cork CIL Risk Register is reviewed regularly by the Board of Trustees and used it as a tool to identify and prioritise risks and look at how best to mitigate that risk. Our front-line staff are in a unique position and are often the first to identify a potential risk. We are working hard support our staff to work safely by:

- © Ensuring that staff all understand from the start that Risk and Risk Management is all our responsibilities and helping staff understand their roles and responsibilities.
- Encouraging and making communication easier and more effective
- Supporting and developing staff through ongoing training and supervision, including the opportunity for Service Co-ordinators to access external supervision in their professional
- Ensuring staff access to up-to date policies, procedures and guidelines and by being confident that these reflect best practice and support compliance.
- Supporting staff to get advice and support to respond to specific risk even out of hours with the On call Supports.
